

## **Covenant Sets New Record, Crosses 800 Publications for the Year 2018 and 3,000 Since Inception!**

---

As at 23 October 2018, and with more than two months still ahead, Covenant has crossed 800 publications for the year by having **807** publications indexed in the Scopus database. This is **42.33%** above the publication figure for the entire year in 2017, which was **567**.

The result further shows that the **807** publications already attained in 2018 represent **26.81%** of the total publications of the University since inception.

Covenant's drive for quality research has been severally rewarded by the University's leadership in many research areas in Nigeria and beyond, according the Elsevier's SciVal report.

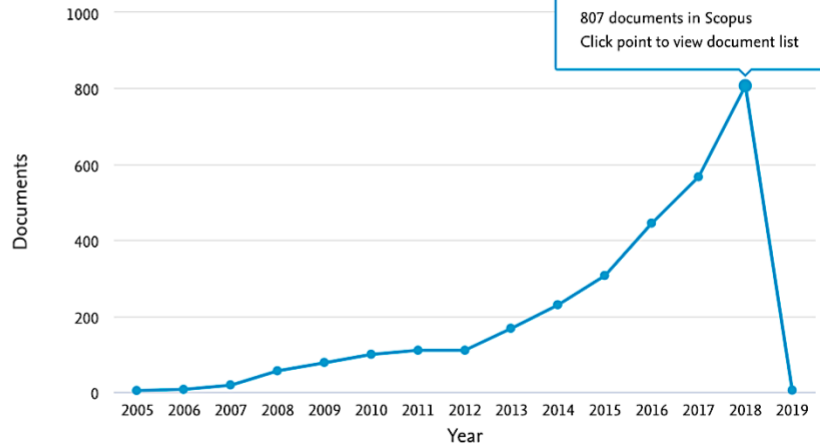

Faculty of the University have also been constantly listed among the top 10 authors in Computer Science, Energy and Material Science, among others in Nigeria, and they mostly dominate the lists. The speed that God has granted Covenant is such that **72.67%** of the total publication figure of the University since inception was generated between 2016 and 2018, with five papers already listed for 2019.
