A WORD OF WELCOME FROM THE CHANCELLOR

I am most delighted to welcome you to this historic occasion of the 10th Convocation Ceremony of Covenant University, marking the release of the 10th batch of Eagles. The number 10 is very significant as it connotes perfection or completion. This, therefore, makes today's rite of passage, which convocation ceremony has come to be known in the history of the University system globally, significant.

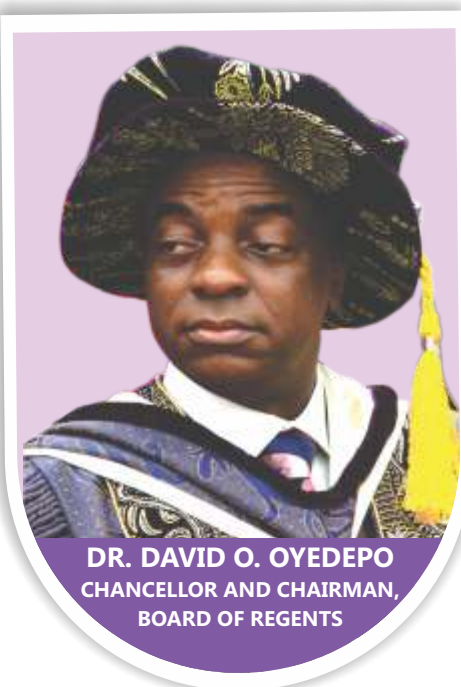

It is worthy of note that the Hand of God has been most evident in Covenant University across all parameters of academic growth. By the virtue of God's faithfulness and relentless pursuit of excellence, the University has continued to move closer to the realization of the visionary mandate of becoming one of the top ten Universities in the World by the Year 2022 (1 of 10 in 10).

In the area of research, the University has established 21 multidisciplinary research clusters and is about completing the construction of a 6-storey structure that will accommodate the Covenant University Centre for Research, Innovation and Discovery as well as endowed Centers of Excellence in Biotechnology, Bioinformatics, Information and Communication Technology for Systems Research and Corporate Governance.

Further to our efforts to improve the quality of teaching and learning; in the course of this academic session, the University commenced the implementation of its mobile learning project whereby each student is able to access learning resource materials anywhere and anytime on campus, through a mobile tablet that is loaded with lecture notes and have online access to library resource materials. In the same vein, all our classrooms are equipped with state-of-the-art digital interactive boards to enhance teaching and learning.

Great leaders are not those with chains of degrees, but those who change

the world. As a visionary university committed to raising a new generation of leaders, our graduates are not only intellectually equipped to be experts in their fields, they are also imbued with leadership skills. In addition to their respective degrees, those graduating today will also be receiving Certificate/Diploma in Leadership.

DR. DAVID O. OYEDEPO
CHANCELLOR AND CHAIRMAN,
BOARD OF REGENTS

Our experience has been most humbling in the current academic session. The University was ranked 1st position in Nigeria and West Africa and 15th in Africa in the February 2015 Webometrics Ranking of World Universities.

Similarly, in the 2015 University Repository ranking, Covenant University emerged as Number One in Nigeria, Number One in West Africa and 13th on the entire Continent. This means our institution is the best in Nigeria, West Africa and one of the best on the continent, in both Webometrics and Repository.

This year also, the University had the highest listing of leading Nigerian Scientists by Cybermetrics. The

University produced 78 out of the 500 Nigerian Scientists listed. Cybermetrics is a world renowned International Peer-reviewed Journal, published in Madrid, Spain.

In faraway Seoul, South Korea, Covenant University bagged Gold and Bronze Awards for inventing Eco Friendly Energy Retention Bag (ERB) and a Solar Powered Weather Station respectively, in the recently concluded 'Korean Association of Women Inventors Exhibition (KWIA)'.

Equally, our graduates have continued to validate the University's unique vision in different spheres of life. This year also, our First Class Graduates dominated the Presidential Special Scholarship for Innovation and Development (PRESSID) for the third time running. The University produced 11 First Class graduates among the 102 successful candidates for the 2015/2016 scheme of the programme, as published by the National Universities Commission. It should be recalled that Covenant University came tops in the maiden edition of the Scheme in the 2013/2014 academic session and also produced 10 percent of the successful candidates in the 2014/2015 edition.

These and many others are the evidence of our success story in Covenant University and also a pointer that the university's vision is being realized. We will continue to take steps towards the great future we envisioned in order to rewrite the story of university education in the Continent.

Once again, I welcome you to this historic event. Have a most refreshing time and God bless you.

THE RELEASE OF EAGLES 2015

10th Convocation Ceremony Welcome Release of Eagles 2015

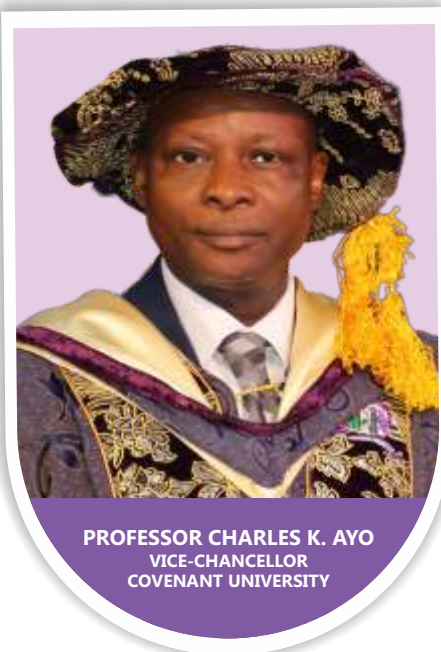

It is with a deep sense of appreciation to God that I welcome you to the 10th Convocation Ceremony of Covenant University. To us, this is another Covenant fulfilled between God and the University on one hand and between the University and students on the other.

The University has continued to blaze the trail and take the lead in the tertiary education landscape of Nigeria. To the Glory of God, the University has remained the flagship of university education, not only in Nigeria, but also in Africa.

Notable awards and laurels won by the University include: the emergence of the University as number 1 in Nigeria and West Africa as well as number 15 in Africa, according to the latest Webometrics Ranking of February 2015. Secondly, the University retained her leadership position in the Presidential Special Scholarship for Innovation and Development (PRESSID) by producing at least 10% of all successful (First Class) candidates in about 138 Universities in Nigeria since the inception of the Scheme till date. Indeed, this is a true attestation to the quality of education offered in Covenant University. Just to mention a few.

According to President Barak Obama, "...the strength of a nation's economy is inextricably linked to the strength of her education system." Thus, it is unequivocally clear that Nigeria may not witness any meaningful

development without giving education its rightful place in the scheme of our national agenda. Ladies and gentlemen, what we need now, as a nation, is a workforce that is skilled, adaptable, creative, and equipped for success in the global marketplace. This is our goal. Furthermore, character building must accompany any form of

learning for products of such institution to be relevant to societal development. This is another area that distinguishes Covenant University from others. Since last year (2014), all graduates of the University have acquired at least a Certificate in Leadership Development in addition to their respective degrees in their various disciplines.

Also, this year, we had the 2nd

International Conference on African Development Issues (ICADI). We had another Nobel Laureate, Prof. Alvin Roth, from the University of Stanford, as the keynote speaker. With the two conferences, we have been able to proffer solutions to a number of developmental issues in Nigeria and Africa.

As we march towards the attainment of Vision 10:2022, we have built a future ready University, we are building future ready students and today, to the glory of God, we are releasing future ready graduates.

It is on this note that I wish to congratulate the graduands of today, having been certified fit academically and entrepreneurially as well as in leadership skills. I congratulate you, your parents as well as our prospective candidates of the 2015/16 academic session for making the wisest choice of your life by coming to Covenant University. No doubt, as you have found out, Covenant University is one of the very best universities in the world for future leaders.

Finally, to our distinguished guests and our well-wishers, I thank you for making the 10th Convocation Ceremony a huge success. Thank you and God bless.

Professor Charles K. Ayo
Covenant University, Ota,

Building A Network of Change
