Doctorate Degrees, Award
Of First And Higher Degrees
And Presentation Of Prizes

Friday, 13th June, 2008 At Convocation Arena, Canaan Land, Ota Our Flag

Our mandate is all about raising a New Generation of Leaders.

The Purple colour symbolises royalty which enjoys dominance in the configuration of our flag while the white colour symbolises spirituality, its anchor being the fear of God and love for fellow men.

## From The Chancellor

# COVENANT UNIVERSITY THIRD CONVOCATION CEREMONY: THIS IS OUR STORY

It is my great pleasure as Chancellor and Chairman, Board of Regents of Covenant University to welcome you to this 3<sup>rd</sup> Convocation Ceremony, marking the release of the third batch of graduates, tagged "the release of Eagles, 2008". As I welcome you, I also invite you to join the entire team at Covenant University in celebrating an event which has come to be known in the University system globally, as a rite of passage to mark fulfillment of the requirements for academic and character worthiness as incorporated in the vision mandate of "Raising a New Generation of Leaders"

In making efforts as stewards of the Covenant University vision, we have ensured the sustenance and elevation of whatever makes the university unique and distinct. Our commitment to driving the foundational objectives are as stated by me in 2002, "The core emphasis and goal of the mission of Covenant University is the provision of an alternative to existing regimented training programme of the Nigerian educational system, by promoting integrated education which is life applicable and life promoting".

Having the 3<sup>rd</sup> Convocation Ceremony come up in the 6<sup>th</sup> year of our existence following the record time we had the 1<sup>st</sup> and 2<sup>nd</sup>, is clear evidence of positive progression, sustenance of foundation and core values, commitment and missionary dedication on the part of the Members of the Board of Regents, the Management team of the University, Faculty and Staff.

It is also remarkable to note that in six years of the University's existence, the University, via this 3<sup>rd</sup> Convocation Ceremony is connecting with a unique and superior base with respect to the flip side of our current university education platform, particularly as we look at the broader context of higher education in Nigeria today. It is against the background of the multifarious challenges and a number of incessant disruptions to the academic calendar, that we note that this remarkable achievement speaks of continuity in achieving the academic goals that were set, right from inception. This realization has spurred me to take a rear view mirror perspective as I explore an excerpt from my first Matriculation Ceremony speech in 2003, in which I stated that "...this University in the next few years, certainly before its 10<sup>th</sup> anniversary, will have become a major centre of excellence through its worth as well as an institution which the entire world will be proud of."

I am happy today to note that the Hand of God has been most evident in Covenant

University across all parameters of academic growth. By virtue of God's faithfulness and relentless pursuit of excellence, it should be obvious from the details of the report below that our foundational aspirations are being realized.

The Third Convocation Ceremony of Covenant University is also unique and instructive in the sense that this year, we are sending out our first graduates in Industrial Mathematics, Industrial Chemistry, Industrial Physics, Demography and Social Statistics, Electrical Engineering and French. These programmes are vital to driving our positioning as a nation in the current context of globalization and the flattening forces as prompted by the challenges of the digital divide. The graduates of Covenant University setting out to the world of work will have the industry-relevant skills that should provide the savvy base and the competitive advantage that is relevant for the 21" century context of our Global World.

At this third Convocation, we are turning out to the corporate world the Human Resource component to fulfill the functions and expectations of a University's mandate to provide the Human Resource needs of the public and private sectors of the economy. Also at this year's convocation ceremony, the very first Covenant University home grown M.Sc Architecture graduates are part of the listing following a six year training period in the University. Covenant University today boasts of having one of the best Architecture programmes in Nigeria, with a number of eminent and distinguished professors steering the ship of the School and supporting innovations and charting new directions for Architecture particularly from our indigenous base. The Department of Architecture among others has full accreditation from both the National Universities Commission and the Professional bodies (NIA/ARCON) and is now getting set for international accreditation as its next goal.

## ACADEMIC PROGRAMMES IN COVENANT UNIVERSITY

At the inception, the following 16 programmes were introduced in the University and they all graduated students in 2006: Accounting, Business Administration, Industrial Relations & Human Resource Management, Marketing, Economics, Banking & Finance, International Relations, Policy & Strategic Studies, Political Science, Psychology, English Language, Literature In English, Mass Communication, Public Relations & Advertising, Sociology, Computer Science, Management Information System.

However, by 2007, our academic programme had increased to 21 having the following newly introduced programmes along with the initial: Public Administration, Architecture, Computer Engineering, Estate Management, and Information & Communication Technology. The increase in the number of our academic programme is in relation to our

goal of building human capacity in the area of Science, Engineering and Technology. Subsequently more programmes were added: Demography & Social Statistics, French, Industrial Chemistry, Electrical & Electronics Engineering, Industrial Mathematics and Industrial Physics. The increase in the number of faculty especially at the senior level has been a great asset for managing the qualitative increase in the number of programmes.

## ACADEMIC AND PROFESSIONAL ACCREDITATION OF OUR PROGRAMMES

Following our growth experience, the academic programmes were subjected to external validation from both academic and professional regulatory bodies. This led to the National Universities Commission's accreditation of our entire academic programme from 2005 to date. Consequent upon the NUC Resource Verification visit to Nigerian Universities in 2007, Covenant University presented eleven (11) academic programmes for the December accreditation exercise in the same year and all the programmes were accredited by the National Universities Commission.

The following programmes were also accredited by the following professional bodies:

 B.Sc. / M.Sc Architecture - accredited by Architects Registration Council of Nigeria/Nigerian Institute of Architect (ARCON.NIA)

(2) B.Sc. Estate Management – Institute of Estate Surveyors and Valuers of Nigeria

(3) B.Sc. Banking and Finance – accredited by ACIBN

(4) B.Sc. Accounting - accredited by Institute of Chartered Accountants of Nigeria

(5) B.Eng. Electrical and Electronic Engineering accredited by COREN

## **OUR UNIQUENESS**

Some of the areas of uniqueness of our graduates are the infusion and inclusion of custom built programmes such as Entrepreneurial Development Studies (EDS), Total Man Concept (TMC), Towards a Total Graduate programme (TTG) as well as the work study programme. While the fundamental philosophy and essence of TMC is premised on accessing the total make-up of human kind from the spirit, soul and body in order to prepare and equip our students with the relevant life skills and mindset which will provide them anchorage as they wade through the tidal waters of life, TTG is an important aspect of the evolving learning culture at Covenant University for our graduating class. This is a unique infusion to ensure that students of Covenant University are turned out as worthy in character and for leadership at the point of graduation. The course, which is integrated into the University's holistic and life-applicable curriculum, is designed to specially package the students and deliver them to their world upon graduation, as agents of change set to take charge of their environment and break the barriers and limitations confronting our nation and continent at large.

The Entrepreneurial Development Studies (EDS) is a custom-built programme which is an all semester programme and compulsory for all students of the University irrespective of the

student's chosen field of study. It involves both theory and practical. The operations of this unit are housed in the Centre for Entrepreneurial Development Studies (CEDS). This Centre which takes care of the practical and vocational aspects of EDS has been organizing workshops and seminars in such areas as Fish Farming for Practicing and Prospective Entrepreneurs as well as other viable areas which external communities have been benefiting from.

## ACHIEVEMENTS OF THE COVENANT UNIVERSITY ALUMNI

These special curricula are already resulting in humbling external validation. Reports reaching the University from the employers of our graduates have been very encouraging despite the fact that we do not expect the contrary. Spread across the nation and overseas countries, our graduates have been performing extremely well in the banking sector, industries, politics and academic settings while some of them have become employers of labour thus helping to address the unemployment challenges in our Nation. One of these includes a transport company called CASETA Transports.

Currently, 21 Alumnus of this University are on their M.Sc. Programmes as Graduate Assistants in various academic disciplines here in Covenant University, while quite a number of them are pursuing their postgraduate education in overseas countries including University of Bolton, University of Stanford, Coventry University, University of Leeds, Baruch College, New York, College of New Caledonia, University of Greenwich, Kent University, Uni. of Bedfordshire, Birmingham city University, to mention but few.

## CONFERENCES/WORKSHOPS SPONSORSHIP

Research results are continually being disseminated via local and international conferences as well as journals of high impact factor. About 65 members of our academic staff enjoyed sponsorship to attend local and international Conferences/Workshops to present

7

academic papers which were the outcome of their research endeavours. Covenant University will continue to encourage research activities and do everything within its academic limit to further assist any Faculty in the areas of research and conference attendance.

## RESEARCH AND DEVELOPMENT INITIATIVES AT COVENANT UNIVERSITY

A University's relevance is obvious only to the extent that it is able to proffer meaningful smart solutions to the challenges of its immediate context. It is in the pursuance of this that we set out to generate a research base that seeks relevant solutions for challenges that are peculiar to Africa which may not find a fit in Western contraptions addressing same. To this effect, we have established a Research and Development Centre in Covenant University with the following mandate:

- The provision of a viable platform for Research and Development Initiatives at Covenant University;
- Instituting an all embracing and comprehensive research policy for the University in line with the needs of our immediate environment and context linking research to the real issues out there in our world a solution focused approach;
- Linkage and collaboration with national and international industrial / organizational context as stipulated in our Endowment Mandate;
- Flagging off from the research, innovation and development platform, centre of excellence and institutes devoted purely to research;
- Creation of an environment and base that will stimulate research and development activities – fairs, exhibitions, clusters, etc. so as to engage Faculty to raise a research consciousness and culture.

To this end, the University was recently given a grant of N50 million for the immediate establishment of a Research and Development Centre. The Centre has taken off with fully furnished facility and personnel. Similarly, a whopping sum of N1.165 billion Naira was approved early June for purchase of Teaching and Research equipment in the College of Science and Technology. This is apart from over N500 million spent in the course of the 2007/2008 session on similar equipment. It is our intention to ensure that focused attention is devoted to the promotion of research and the nurturing of its findings into products so that our nation may come to global recognition in inventions and innovations.

Research Breakthroughs At Covenant University

The research work by both students and faculty of Covenant University are solution-focused. Within the last three years, our research efforts have yielded a number of commercial products of application to the generality of people. Amongst others, the

following are worth noting for interested Industrialists and Investors:

(1) Variety of Security Devices. The functions of these devises include: automatic message relay to security agents or any person desired at the presence of an unwanted intruder; and Mounted Surveillance camera with ability to survey 360 degrees round the surveyed property like Banks, Estates, Company premises etc and also having the ability to monitor in utter darkness.

(2) Variety of domestic energy saving devices. These energy saving devices include: (a) Remotely controlled home appliances device (b) Automatic power switch-off device at the last count of people in the room or house (c) Long distance home appliances

switch-off device through personal handset

(3) Dispensing Machines. Our Automatic drug dispensing machine conveys the stored drug to the patent at the programmed times while the Mineral drink dispensing machine dispenses a measured quantity of drink according to the amount paid by a customer.

(4) Automobile Products: Two of our products useful to vehicle owners include the Vehicle Radiator Coolant and the car interior battery operated vacuum cleaner. Related to this are our variety of electronic car park manager. These are computerized car park entrance and exit machine that automatically open to recognized vehicles' codes.

(5) Building Equipment. Our mechanized building blocks plum eliminates slanting wall challenge and increases the number of blocks that can be laid per day by a bricklayer

by 30 percent.

These and many others are the evidences of our success story at Covenant University. We invite all investors in relevant areas to join us in turning these output into great products. We invite you to visit our Exhibition Pavilion at the ground floor of the Center for Learning Resources (Library)

As a University, we will continue to take steps towards the great future we envision, knowing that we must set out to carve out visible pathways to walk, for our nation and continent. We must also set out to address issues that are indigenous to our base and institute values and practices that will truly define us as a people and give us a place of relevance in the global scheme of things. I am therefore happy to announce as part of this years Convocation Ceremony, the establishment of the Covenant University African Development Centre which will provide well researched indigenous solutions to socio-political and industrial challenges of Africa. The construction of the Centre is on and is expected to be completed before the end of the 2008. The centre will host leaders from all over the continents of the world as they identify solutions to the many challenges besetting us on the national, continental and global platforms.

Long live Covenant University, long live the Federal Republic of Nigeria and long live the

great people of Africa.

Dr David Oyedepo Chancellor

## From The Vice Chancellor

## The Release of Eagles 2008

Today the 13<sup>th</sup> of June 2008, Covenant University releases her 3<sup>rd</sup> batch of EAGLES – Class of 2008. Each year, with each successive convocation ceremony, the foundation vision of Covenant University as received by the Chancellor, Dr David Oyedepo of Raising a New Generation of Leaders is being realized as "Eagles" are released to soar to affect their generation and world.

Covenant University opened its doors to her charter students a little less than six years ago (on the 21st of October 2002), and as we look back to that date, we are humbled by the rapidity with which things have happened around, not just in physical development but the way in which the academic and intellectual world have not only accepted our drive for world class contributions, but actively supported us in our quest to become a citadel of excellence and an Oasis of Knowledge and Learning. Our commitment has remained to drive learning and development at the cutting edge and ensure we embrace developmental challenges facing Africa which are enormous and cut across the context of poverty, poor governance and conflicts.

The world of today is indeed a challenging one with great opportunities for impact and great challenges demanding creative solutions and a new type of leader capable of engaging the ever emerging challenges facing humanity from all angles. Whereas in times past Africa, seemed to be the place symbolizing the challenges facing humanity, today this has changed not primarily because these challenges have ceased from the African Continent but rather because what were once the seeming preserve of the African Continent have become globalised, with high food prices, ever growing health care failure, as well as an energy crisis and a recession threatening the daily existence of millions in both the developed and developing world. As each new crisis hits the world, it is becoming obvious that our world needs not just graduates but leaders who are capable of providing solutions for these challenges, local and global. This in effect validates our driving vision of "Raising a new generation of leaders".

By releasing today's graduands as "Eagles" we affirm that the products being sent out today in the three colleges of Business and Social Sciences, Human Development and Science and Technology and across various programmes, are not only being sent out as students well schooled in the various disciplines, but also prepared like eagles to rise to the heights demanded by the world we live in. They have been brought up to understand in addition to their core programmes of studies dimensions of personal responsibilities and core values, which are designed to produce world changers and persons who generate credible change that positively affects our world.

It is with a great sense of responsibility that we recognize that in just three years, our graduates have begun to make tremendous impact in the external world, thereby giving credence to the tag of "Eagles" and we expect the current class of 2008 to do no less.

We wish to recognize the contributions of all stakeholders in achieving these milestones. It has been a partnership of parents, the staff and faculty who continue to show deep commitment and missionary zeal, the Living Faith Church World-Wide, whose support has remained unwavering, the Board of Regents whose contributions continue to provide direction and the Chancellor, Dr David Oyedepo, who continues to inspire us by his leadership commitment and passion. Most of all, we have been beneficiaries of the awesome and unending Grace of God on this University and for this we are eternally grateful.

We therefore look forward to the future with great hope and confidence knowing that the future we seek to create is represented in the lives of the "Eagles" that we continue to release.

Professor Aize Obayan Vice Chancellor

# The Mandate

"Raising a new generation of leaders through a qualitative and life-applicable training system that focuses on value and skill development."

"Raising a new generation of leaders through a broad based qualitative education built on sound biblical principles culminating in the birth of path-finders, pace-setters and trail-blazers."

"Raising a new generation of leaders who shall redeem the battered image of the black race and restore her lost glory as these trained army of reformers begin to build the old wastes, repair the wasted cities and raise the desolation of many generations."

# **Our Founding Philosophy**

In response to the global demand for a needed departure from dogmatism to dynamism in the existing educational system, the Covenant University will be built on this philosophical platform:

- Adeparture from 'Form' to 'Skill'
- A departure from 'knowledge' to 'empowerment'
- Adeparture from 'figures' to 'future-building'
- Adeparture from 'legalism' to 'realism
- Adeparture from 'points' to 'facts'
- A departure from 'mathe-matics' tó 'life-matics'.

# Mission Statements

- To train students who will be mentally resourceful, intellectually equipped, entrepreneurially self-dependent, futuristically visionary, responsibility sensitive and emotionally stable.
- To train and equip men and women to face the challenges of life via the university's underlying ethos and unique curriculum.
- To have a human development based curriculum with emphasis on the development of the total man.
- To provide an integrated, life applicable and value driven curriculum considered relevant to societal needs and aspirations.
- To spear-head a revolution in education.

# **Our Name: Covenant University**

All over Africa in general and Nigeria in particular, great significance is attached to names, be they of places or persons. In many parts of the country, names of persons reflect circumstances of their birth or events that occur in the environment of birth. Names portray meanings and carry important messages. This is also true for the Covenant University.

The word Covenant reflects the intention of the proprietors of the University, to enter into a binding agreement with students to deliver their desires for excellence and career exploits.

The word has been chosen to express our total commitment with a vow to perform our best in the process of making The Total Man.

The University intends to uphold a binding agreement with its students to offer them the best and with their parents and guardians by giving them the best value for their investment.

Covenant University vows to deliver expert thinkers, unusual managers, and hyper resourceful technocrats in all fields of human endeavour. The University is by this bound by an oath to be the best.

The commitment to creating The Total Man is a direct result of this vow and agreement between students and the proprietors of Covenant University. The commitment is enshrined in the motto and the logo of the University.

# [The Tenth Beatitude] Blessed are the clean... for they shall recycle the earth!

Our environment holds our dreams, our passions, our health and our lives.

Treat it right.

A Message from the Waste Management Committee, Covenant University

Today we recognize the accomplishments of our Kings and Queens. We hope this ceremony will be an important and meaningful occasion for students, their families and friends, Faculty and Staff of Covenant University, Ota. We offer you the following guidelines to enhance the dignity and ensure the smooth flow of the ceremony:

The congregation should remain standing as the procession advances or recedes from the convocation ground.

Please withhold applause during the presentation of the degrees until all candidates for graduation have returned to their seats.

Please remain seated and orderly throughout the ceremony.

And finally, please do not enter the aisles to take pictures or video recordings of the graduates. Arrangements have been made to have professional photograph coverage for every graduate. A well-packaged DVD will be made available for purchase by the desiring public.

Your cooperation on all arrangements is coveted, as it will ensure a good memory of today's event and ensure a good view of the ceremony for all audience members

May God bless you all in Jesus' precious name. Amen.

### **ONWARD CHRISTIAN SOLDIER**

 Onward, Christian soldiers, marching as to war, With the cross of Jesus going on before. Christ, the royal Master, leads against the foe; Forward into battle see His banners go!

#### Refrain: .

Onward, Christian soldiers, marching as to war, With the cross of Jesus going on before.

- At the sign of triumph Satan's host doth flee;
   On then, Christian soldiers, on to victory!
   Hell's foundations quiver at the shout of praise;
   Brothers lift your voices, loud your anthems raise.
   (Refrain)
- Like a mighty army moves the church of God;
   Brothers, we are treading where the saints have trod.
   We are not divided, all one body we,
   One in hope and doctrine, one in charity.
   (Refrain)
- What the saints established that I hold for true.
   What the saints believed, that I believe too.
   Long as earth endureth, men the faith will hold,
   Kingdoms, nations, empires, in destruction rolled.
   (Refrain)
- Crowns and thrones may perish, kingdoms rise and wane, But the church of Jesus constant will remain. Gates of hell can never gainst that church prevail; We have Christ's own promise, and that cannot fail. (Refrain)
- Onward then, ye people, join our happy throng, Blend with ours your voices in the triumph song.
   Glory, laud and honor unto Christ the King, This through countless ages men and angels sing. (Refrain)

The Registrar calls on the assembly to rise and sing the National Anthem followed by the Covenant University Anthem
