# Our Flag

The colour purple is the dominant configuration of our Flag and it symbolises royalty while the white segment symbolises spirituality, its anchor being the fear of God and love for our fellow men. Our human development ethos is hammered on this.

# From the Chancellor

## FROM THE CHANCELLOR

On this occasion of the 4th Convocation Ceremony of Covenant University, it is my great pleasure to welcome you as Chancellor and Chairman Board of Regents, to this auspicious event on the platform of the vision base, as another batch of eagles are released to their world to go and make a difference.

This period marks, in our developmental history, a season when the University marks another season of harvests, as the vision which birthed the University - "raising a new generation of leaders" - is actualized. It also marks the fulfilment of our commitment to the Nigerian nation, African Continent and the Global Community at large.

However, the 4<sup>th</sup> Convocation Ceremony is unique in many ways as this is the first time that we will be graduating students from all Departments in the University. In addition, we are graduating the first set of international students who will take the vision of CU to Africa and the World at large. This year's Convocation Ceremony, like the previous ones validates our goal of raising a platform for qualitative education. The graduates are released to go out to make a difference to their World.

The Convocation Ceremony of this University stands out as an auspicious moment, particularly from the perspective of actualizing the vision demands of raising a new generation of leaders for our local, national and international contexts. Covenant University is indeed raising a standard for university education by the quality of students released and the contributions they will be making to the external context. By so doing, one of the University's objectives of restoring the dignity of the Black Man is being realized.

As you are well aware, Covenant University is fondly referred to as The Birth Place of Kings and Queens irrevocably committed to its mandate of:

- "Raising a new generation of leaders through a qualitative and life-applicable training system that focuses on values and skills development."
- "Raising a new generation of leaders through a broad based qualitative education built on sound Biblical principles culminating in the birth of pathfinders, pace-setters and trail blazers."
- "Raising a new generation of leaders who shall redeem the battered image of the black race and restore her lost glory as this trained army of reformers begins to build the old waste, repair the wasted cities and raise the desolation of many generations."

This mandate is driven by its conscientious Faculty and Staff on the wheel of its home grown Total Man Concept (TMC) and Entrepreneurial Development Studies (EDS) divinely crafted curricula which imbue in our students practical life skills and an entrepreneurial spirit that have been acknowledged in the labour market. Our special graduation preparatory programme, Towards a Total Graduate (TTG) is also designed to specially package the students for the world of work upon graduation, as agents of change, set to take charge of their environment and break the barriers of limitation confronting the nations and humanity at large.

### **THE COVENANT UNIVERSITY ALUMNI ASSOCIATION**

As a validation of the living testimony of our Vision, we have continuously found fulfilment in the good news emerging from the Alumni base. With the release of three sets of Eagles – 2006, 2007, and 2008- the Covenant University Alumni Association has continued to evolve a powerful network of members who are already taking prime places in the world of work and are soaring higher and higher into their glorious destinies.

Covenant University graduates have consistently remained the toast of employers of labour, who realizing the credible base, more often than not have continued to waive recruitment examination processes for them. Spread across the nation and overseas countries, our graduates have been performing extremely well in the banking and other industries, as well as in politics and academic settings. Some of them have become employers of labour thus helping to address the unemployment challenges in our Nation.

Currently, 27 members of the Association are on their Ph.D. Programmes as full Faculty in various academic disciplines here in Covenant University, while quite a number of them are pursuing their postgraduate education in universities in Nigeria and other parts of the World.

### **FOCUS ON SCIENCE AND TECHNOLOGY**

At Covenant University we recognize the vital roles which Science and Technology play in the development of any society and it is in response to this that our College of Science and Technology continues to evolve and expand not only in our Engineering programmes but also in our Science base.

I am pleased to announce that Covenant University has continued to grow and make strides towards our given vision of raising a new generation of leaders for the continent through the vehicle of life applicable education. These strides have taken the form of continuous growth in our human capacity base consolidating the engineering base of the College of Science and Technology.

## RESEARCH

In a move to give the desired focus and momentum to the University's research aspiration, a grant of N50 million was injected into the take-off of the new Covenant University Centre for Research and Development (CUCERD) which came into existence in October 2008. The Centre is the physical infrastructure for the development and broadening of the University's Research and Development programmes.

The Centre co-ordinates the initiation and evaluation of the University's Research Projects. It also serves as a platform to oversee the Technical Quality of Research Proposals for University sponsorship and to forge research partnership and linkage with government agencies, industries and other Research Institutes.

## OUR MILESTONES

As we march to our 7<sup>th</sup> year as a University in October this year, we can proudly say that we have come a long way in the realization of our vision. Though the journey has just begun, we are confident that in these 6 years, we have been able among other things to:

- vigorously pursue the vision and mission of Covenant University for academic excellence and leadership development through institutional entrenchment of our core values;
- sustain our commitment to developing our capacities to such level that Covenant University shall be rated among the world-class universities in no distant future;
- pioneer excellence in the University's statutory functions and rights at the frontiers of knowledge in the world;
- produce quality graduates through the entrenchment of our custom-built programmes;
- formulate and implement a research policy for the University in areas of immediate need for the community or people and by develop training programmes for research skills;
- make efficient use of all financial and manpower resources through intensive development and utilization of staff skills;
- overcome staff shortage in critical areas by embarking on an intensive head hunt and implementation of rewards parameters that promote productivity and excellence; and,
- intensify our student development initiatives through the establishment of self development mentoring programmes and of skills development centres.

## CONCLUSION

We are not in any respect resting on our oars as we look ahead at the enormity of our task spread across a number of vital areas on the local, national as well as continental levels, and as I said in January 2003, I hereby reiterate - **"We emphasize again that we are in a revolution and this will be reflected both in teaching, research and in community work. We are committed to producing into the labour force, active agents of change whose appearance will lead to new demonstration of integrity, probity, assiduity, and sustained growth. This University in the next few years certainly before its tenth anniversary will have become a major centre of excellence in the world and a pride to the nation and an institution that the entire world will be proud to be associated with."**

At this point, it is pertinent to appreciate all the worthy persons and platforms that have made contributions in one way or another to the setting up of a great foundation for Covenant University. The Board of Regents of Covenant University, Management, Faculty and Staff, all our Stakeholders, internal and external, and of particular note the Living Faith Church Worldwide. To our Father God, the God of hope, the One who provided all the wisdom we need, our Help in ages past and Hope for years to come, to You we offer our praise and thanksgiving for now and evermore.

I would like to leave you with this profound statement that I made in the formative years of Covenant University: **"Covenant University is an *anti-traditional* University. Covenant University is an enemy of academic tradition and Covenant University will remain radical in its pursuit of its goal. We will not be satisfied with knowledge. We will reach out for empowerment. We will not be satisfied with form; we will go after skill and I know that at the end of the day, we will all have done God proud for His investment in this place..."**

Thank you and God bless you..

**Dr. David O. Oyedepo**  
**Chancellor and Chairman,**  
**Board of Regents, Covenant University.**

# From the Vice-Chancellor

## FROM THE VICE CHANCELLOR

Today the 19<sup>th</sup> of June marks another special day in the history of Covenant University for several reasons.

First is the key place that convocation has in the life and times of a university in assessing performance with respect to fulfilling the requirements for completing the course and programme of study as the stipulation for being found worthy in character and in learning. The Convocation event affords us a platform to formally proclaim our commitment to the release of a new generation of groomed and nurtured persons to enrich the lifeblood of the external community and the world; this is even more so in our case where we not only refresh but also seed a revolution to the world, whence the tag – “the release of Eagles”

Here at Covenant University we have decided to hold a special convocation as part of our commitment to facilitate the continuous release of Eagles by providing our graduands the opportunity without undue delay to undergo the rite of passage which convocation offers to formally release and announce to the world the emergence of a new set of eagles.

Second our 4<sup>th</sup> Convocation by its maintaining consistency in timing and regularity celebrates the fact that we are continuing to do what we promised and covenanted to do: “Raise a new generation of Leaders”, and it also establishes the premise of an unending performance of this great mandate.

We will be graduating students in every Department for the first time especially in every discipline in Engineering with its many new facets a fact which validates our continuing expansion as a university extending into fields that show our growing commitment to impacting our world.

As we celebrate the release of our 4th batch of Eagles, we acknowledge the contributions of external and internal Stake holders of this vision. We note the partnership we have enjoyed with Parents, the commitment of Staff and Faculty, the continuous support of the Living Faith Church World-Wide, the foresight of the proactive Board of Regents of the University and visionary leadership of the Chancellor, Dr David Oyedepo. As I conclude, we give all the glory to God for His Faithfulness in enabling the actualization of the vision even as we express our

confidence in the fact that the best is yet to come! Thank You.

To the Parents of the graduands today, I say, "hearty congratulations!". I salute your tenacity and commitment and celebrate your role in bringing this day to pass. It has indeed been a privilege to partner with you in this great venture, once again: "Congratulations!".

This University has been driven by a high level of commitment embodied in our Chancellor in addition to his role in providing inspiration and direction to the University. We as Management, Faculty and Staff wholeheartedly acknowledge this, saying: "sir, it has indeed been a privilege".

Finally to the class of 2009, the 4th batch of Eagles, we release you to a world awaiting your arrival by dint of the times with bated breath. We are confident that you will make us proud as your predecessors are doing. It is to this platform that you are released to make a difference and therefore connect with the words of President Barak Obama: "**if you feel destiny calling, and see, as I see, a future of endless possibility stretching before us; if you sense, as I sense, that the time is now to shake off our slumber, and slough off our fear, and make good on the debt we owe past and future generations ... together, starting today, let us finish the work that needs to be done, and usher in a new birth of freedom on this Earth.**" Let your light shine and release colour and grandeur to your world.

With every sense of pride at this Convocation event, I present to you "**our sons and daughters in whom we are well pleased**"!

**Thank you and God bless you**

# Our Name: Covenant University

All over Africa in general and in Nigeria in particular, great significance is attached to names, be they of places or persons. In many parts of the country, names of persons reflect the circumstances of their birth or events that occur in the environment of birth. Names bear meanings and convey important messages. This is also true for the Covenant University.

The word "Covenant" reflects the intention of the proprietors of the University, to enter into a binding agreement with students to deliver their desires for excellence and career exploits.

The word has been chosen to express our total commitment with a vow to do our best in the process of making The Total Man.

The University intends to uphold a binding agreement with its students to offer them the best and with their parents and guardians to give them the best value for their investment.

Covenant University vows to deliver expert thinkers, unusual managers, and hyper resourceful technocrats in all fields of human endeavour. The University is thus bound by an oath to be the best.

The commitment to creating The Total Man is a direct result of this vow and agreement between students and the proprietors of Covenant University. The commitment is enshrined in the motto and the logo of the University.

## ONWARD CHRISTIAN SOLDIER

1. Onward, Christian soldiers, marching as to war,  
With the cross of Jesus going on before.  
Christ, the royal Master, leads against the foe;  
Forward into battle see His banners go!

Refrain:

Onward, Christian soldiers, marching as to war,  
With the cross of Jesus going on before.

2. At the sign of triumph Satan's host doth flee;  
On then, Christian soldiers, on to victory!  
Hell's foundations quiver at the shout of praise;  
Brothers lift your voices, loud your anthems raise.  
(Refrain)
3. Like a mighty army moves the church of God;  
Brothers, we are treading where the saints have trod.  
We are not divided, all one body we,  
One in hope and doctrine, one in charity.  
(Refrain)
4. What the saints established that I hold for true.  
What the saints believèd, that I believe too.  
Long as earth endureth, men the faith will hold,  
Kingdoms, nations, empires, in destruction rolled.  
(Refrain)
5. Crowns and thrones may perish, kingdoms rise and wane,  
But the church of Jesus constant will remain.  
Gates of hell can never gainst that church prevail;  
We have Christ's own promise, and that cannot fail.  
(Refrain)
6. Onward then, ye people, join our happy throng,  
Blend with ours your voices in the triumph song.  
Glory, laud and honor unto Christ the King,  
This through countless ages men and angels sing.  
(Refrain)

The University Orator calls on the Assembly to rise and sing the National Anthem followed by the Covenant University Anthem
