DECLARATION

I, **CHUKWUMA, MIRACLE CHUKWUNAZAEKPERE (14CB017531)** declares that this research was carried out by me under the supervision of Dr. Augusta Amaihian. of the Department of Business Management, College of Management and Social Sciences, Covenant University, Ota, Ogun State, Nigeria. I attest that this dissertation has not been presented either wholly or partially for the award of any degree elsewhere. All sources of data and scholarly information used in this dissertation are duly acknowledged.

CHUKWUMA, MIRACLE CHUKWUNAZAEKPERE

CERTIFICATION

We certify that this dissertation titled “**DEMAND FORECASTING AND PRODUCTION PLANNING IN THE FASHION INDUSTRY IN LAGOS STATE, NIGERIA**” is an original work carried out by **CHUKWUMA MIRACLE CHUKWUNAZAEKPERE (14CB017531)** in the Department of Business Management, College of Management and Social Sciences, Covenant University, Ota, Ogun State, Nigeria, under the supervision of **Dr. Amaihian Augusta**. We have examined and found this research work acceptable as part of the requirements for the award of Master of Business Administration (MBA) Degree in Business Administration.

Dr. Amaihian B. Augusta.
(Supervisor)

Signature and Date

Dr. Ogbari E. I. Mercy
(Head of Department)

DEDICATION

This research work is dedicated to God, who has been my strength and my guide throughout my academic journey. I am grateful for the wisdom, grace, and love that has sustained me throughout this programme.

ACKNOWLEDGEMENTS

I would like to express my sincere gratitude to God, who has blessed me with the strength, wisdom, and perseverance to complete this dissertation.

I recognize and appreciate the Chancellor of Covenant University, Dr. David O. Oyedepo for the spiritual ambience and vision. I also appreciate the management team of Covenant University ably led by the Vice-Chancellor, Professor Abiodun H. Adebayo, the Registrar, Mrs. Regina Tobi-David, the Dean School of Post Graduate Studies, Professor Akan B. Williams, the Sub-dean, Dr. Falola H. O, and the Dean, College of Management and Social Sciences, Professor Worlu R. E., for their support and timely approvals.

I would like to express my heartfelt gratitude to the HOD of the department Dr. Ogbari M. E. I., I am deeply grateful for her unwavering patience, constant encouragement, and insightful feedback, which have inspired me to think more critically and creatively. Her guidance has been a true source of motivation for me. I am truly grateful to you ma. To my supervisor, Dr. Amaihian A. B., whose unwavering support, guidance, and expertise have been instrumental in the successful completion of this dissertation. Her unwavering support has been a constant source of inspiration, and I am fortunate to have had the opportunity to learn from her.

I would also like to appreciate PG Coordinator of the department, Dr. Salau, for his administrative support. I am also grateful to Prof. Adebuyi O. A., Prof. Kehinde O. J., Prof. Anthonia A. Adeniji, Prof. Chinonye L. M., Prof. Ogunnaike O., Dr. Agboola G. M., Dr. Itai, H. M., Dr. Chinyere A., Dr. Borishade T. T., Dr. John N. E., Dr. Ufua D. E., Dr. Bisi-Felix O. R., Dr. Adesanya O. D., Dr. Onayemi O., and all other faculty members of the Business Management Department. Thank you very much for all your support throughout this programme.

I express my deepest appreciation to my parents, Mr. and Mrs. Chukwuma, for their unwavering support, prayers and encouragement throughout my academic journey. Their love, sacrifices, and unwavering belief in my potential have been instrumental in my personal and professional growth. They have been my pillars of strength, offering guidance and reassurance during the challenging times and celebrating my achievements with unwavering pride. To my siblings, Chukwuebuka Chukwuma and Tochukwu Chukwuma, thank you for your continuous support and encouragement. I sincerely appreciate my friends and course mates for their support and prayers throughout the course of this programme. I love you all so much.

ABSTRACT

The purpose of this study is to evaluate the influence of demand forecasting on production planning in the fashion industry in Lagos State, Nigeria. The study aims to address the challenges of inventory control, resource allocation, and pricing strategies by analyzing the effectiveness of simple moving average (SMA), weighted moving average (WMA), and exponential smoothing in predicting demand and optimizing production processes. Utilizing a mixed-methods approach, the study combines primary data collected through 105 filled questionnaires using random and purposive sampling techniques, analyzed using SEM-PLS, alongside secondary data from a clothing store, organized and analyzed with Microsoft Excel for historical sales and inventory data. The findings reveal that demand forecasting significantly impacts production planning ($\beta=0.565$, $t=9.132$, $p<0.05$). Exponential smoothing is found to be particularly effective in forecasting prices, while SMA proves beneficial for inventory management despite its limitations. The study highlights that while SMA provides basic forecast accuracy, WMA and exponential smoothing offer superior precision and adaptability in resource allocation and pricing strategies. These insights underscore the critical importance of selecting appropriate forecasting methods to optimize various aspects of production planning in the fashion industry, ultimately enhancing operational efficiency and strategic decision-making.

Keywords: Demand forecasting, inventory, production planning, moving average, exponential smoothing
