

SELECTING JOURNAL & CONFERENCE OUTLETS FOR OPTIMUM VISIBILITY

BY

**THE 2017/2018 EXECUTIVE ADVANCE
COVENANT UNIVERSITY**

OUTLINE

- Introduction
- Common Rating Parameters
- Sourcing for Publication Outlets
- Other Factors Affecting Visibility

INTRODUCTION

- There are thousands of journal and conference sources for any author to choose from at any time.
- Of course, the journal must be related to your field and specific subject of discourse.
- Editors know it. This is why they thank you for choosing them.

INTRODUCTION CONT'D

- There is so much any author can do in a lifetime.
- You want to make sure your efforts count and receive adequate visibility (global, employer, grants, consultancy, speaking engagements, recognitions, etc).
- It is commonplace in Nigeria to publish very good articles in poor outlets. This leads to low rating of the researcher and the researcher's host institution by bodies that matter.

- Like it or not, we live in a world where nothing is hidden and the winner takes all.
